CONVERGENCE 2015 THE CHRONICLE

REFLECTIONS

We may not have it all together
but together we have it all

ISSUE I
VOL 83
MARCH 2015

EDITORIAL

Every year, when the 13th of March approaches, the College doesn't look the same. It looks like the College itself has come to life, every object animated and having its own tale to tell. Since 1922, thousands of little boys have walked the same path, eaten their meals in the same Mess, played in the same fields and loved with all their heart, this great institution. And so over the past 94 years, like branches of a tree, our lives may have grown in different directions, yet our roots remain as one.

RIMC has given me a gift, so

precious that even 'priceless' doesn't come close to it. This institution has taught me not 'what to think' but 'how to think' and that life is too short to be anything but happy, to love deeply and to forgive quickly and never regret anything but remember what it taught you - a lesson for life. The moments spent at RIMC are worth cherishing and when we see the RIMCOLLIANS at the Reunion and the way their eyes light up with joy when they meet their Termers we feel a slight tingle in our stomachs, and we see ourselves in their place a few

years down the line. The final months at the RIMC and I have already started missing the sweat, the joy and the place in its entirety. But as the familiar footsteps of the Old Boys walk these familiar grounds, my nostalgia transmutes into felicity. As the 94th Founder's Day draws closer and the 'heaven on earth' witnesses the erstwhile era shake hands with Gen Y, let's celebrate this brotherhood, this family beyond blood, let's REUNITE

JUST TO LET YOU KNOW...

13th of March isn't really the Founder's Day...no need to be surprised because, after all, the College was founded on the 22nd of February, while the Reunion is celebrated on the day of its inauguration, that is the 13th of March! The Government of India with the sanctions of Secretary of State for India, established the College on 22 February 1922. Inaugurated on 13 March 1922 by the then Prince of Wales, the eldest son of King George V, the reigning sovereign of the British Empire, the institution was named Prince of Wales Royal Indian Military College.

THE TEN COMMANDMENTS 'TO DO' LIST.....THIS REUNION

- Visit Anteroom, kitrooms and other places of interest.
- Pose for a lot of photographs.
- Tell a lot of 'In my times' stories.
- Try to win the Hockey Match for a change.
- During the DJ, dance like there's no tomorrow.
- Yell my lungs out till hoarse during the Boxing bouts.
- Gobble down as many Scotch Eggs as possible.
- Visit the 'Chacha Momo Shop' for succulent and to-die-for dumplings.
- Visit Archives and flip through the yellowing pages of my dossier.
- Give a treat to the ones who wrote such a great 'to do' list for me.

WEATHER FORECAST

The 'portals extraordinaire' donned a silky gossamer like veil of nostalgia, as the cold breeze that sent a chill turned into a warm one of the Reunion. And suddenly the Pavilion grass turned green without the rains as the College Teams started sweating hard to turn the Cricket and Hockey wind towards their sail. The noise pollution suddenly shot up in the graphs as the Thimmaya Audi started

preparing for the Bang Bang. Overall, till now the weather has been almost fine, and as per the yearly climate report, the 12th and 13th of March will prove to be the best days of the year. But wait, let's see what the Exam Hurricane brings with it for the cadets just after the joyful spring!

CLOSE ENCOUNTERS OF THE ELOQUENT KIND

The Jan Term 2015 began with its first Inter Section Cup which was the Inter Section English Debate Competition. There was a very spirited participation from all the sections. The Juniors' Debate was conducted in the Oxford Pattern whereas, the Seniors' Debate was conducted in the Cambridge Pattern. The Semi Finals of the Seniors'

Be it singing, acting or dancing, they were meticulous in whatever they did. The evening saw a blend of action and comedy, displayed through skits, thoroughly enjoyed by the audience.

The Section standings were as follows:

- 1st Ranjit Section
- 2nd Shivaji Section
- 3rd Pratap Section
- 4th Chandragupta Section

Squash Opens

Squash is a game of reflexes and stamina which is enjoyed by Officers and Cadets alike. A very healthy competition prevails in RIMC in which the cadets give out their best.

The Squash Opens Competition was held in three categories, namely, the U-13, U-15 and the Opens from 23 January to 30 January 2015.

The Results were as follows:-

U- 13		Opens	
Winner	Cdt Ardaman Singh Lamba	Winner	Cdt P Y Sreevatsava
Runner Up	Cdt Anirudh Sudan	Runner Up	Cdt Kunal Singh
U- 15			
Winner	Cdt Ajay Singh

INCHOATE PUGILISTS

On 4th and 5th of March, the 'greenhorns' of the College stared at their fears in the Boxing Ring bravely and emerged as winners, no matter who won the bout, because they faced their fears head on to become stronger not by strength but by character.

The Novices bouts play a great role in moulding a Cadet. A cadet is required to be firm in the face of adversities, to learn not to be thwarted by difficulties, to stand up with a renewed fervour every time he falls down and never give up.

A Good Day

The morning light sets the dark,
Eternal dark catches the spark.
The world rises from the sleep,
Dead graves are back in heap.
The misty wind, the blazing sun
The blooming flowers, the piquant ones,
All blow up the fear away
As they rise into a new day.
A good day to make a start
To light a spark in every heart
Everyone's ready to go
To find new friends or fight the foe.
A good day to die for the beloved
To find love in the midst of hatred.
The guiding lights open the doors
Break the walls, tear up the floors -
To overcome what's in the way
And win the world on this good day.

DEAR PAST.....

Dear Past!

Every second I dwell on you,
I steal it from my future.

Every minute that I spend focusing on my problems,
Is taken away from finding my solutions.

Thinking about all that should never have happened,
I block all the things I wanted to happen.

But this doesn't mean, I am going to put you aside,
For I have learned to honour you.

You taught me

That

Life's greatest setbacks, reveal life's biggest opportunities;

That

In adversities, there are the best of chances for a happy change;

That

In the direst of situations, my performance would be the best;

That

It is better to try and fail than never to have tried at all;

Because

My success is measured not by the position I have reached

But by the obstacles I overcame while trying to succeed.

reflections

"ALL TRAVEL HAS ITS ADVANTAGES, IF THE TRAVELER VISITS BETTER COUNTRIES, HE MAY LEARN TO IMPROVE HIS OWN, AND IF FORTUNE CARRIES HIM TO WORSE, HE MAY LEARN TO ENJOY HIS OWN."

Shakespeare said that the whole world is a stage, but I say, RIMC is an action movie- Fast And Furious 7 and as of now, we are at the climax. We were flagged off earlier this year and have now gone past many tricky turns. The competition is now tougher and the roads are full of traffic at every turn, but in our Lamborghinis and Mustangs, we continue to set the tracks on fire. The quizzers are refueling themselves with Aviation Turbine Fuel to fly across the Challenge Quiz and the quizzes that follow

but a bad patch of mud is coming our way to slow us down as the Terminals approach us, though the biggest hurdle is now

broke out that they will be the escorts for the Hugh Catchpole Debates and the Challenge Quiz, but they all know what to do...

Izhaar - e - Hunar, Basketball Comps, Hockey Comps, Pre-boards and obviously - the NDA Written Paper. While ahead, the checkered finish line signals the end of the track and Passing Out of our Vin Diesels - VA. But as the pendulum swings on... "This moment, we own it."

TAKING ON...

left way behind the racers of class V - the NDA Writtens. Also, II-IIA turned out to be very good street dancers when the news

"Get low when the whistles blow." And as the last one mile nears us, looking behind you can see smouldering bits of DHS,

Cdt Krutin Sabnis

...HANDING OVER "HOME IS WHERE THE HEART IS."

Someone once asked me, "What is your most treasured memory in life, yet?" The first thing that came to my mind was 14th of July 2010, when 31 chubby tenderfeet were standing outside the Ante-rooms to get their first 'Course' photograph clicked - the '177th Lancers'. That day we were just 31 strangers put together through an examination, but today, five years down the line, we mean

the world to each other, because no matter what happened, we always stood together and faced it head on. We all owe this to the great institution for making us what we are today. The traditions and the way of life at the RIMC, blend to impart a magical essence which we call a 'RIMCO', and make this brotherhood even more special. Whatever we learn here, through each other and the

RIMC Family, are indeed lessons for life.

The LANCERS are not just friends or classmates; they are brothers in arms, partners in crime and a family bonded by love. They were there when I needed them the most, always there for each other. When life seemed gloomy and all odds were against us, we stood ground together and found a way out. We had our ups and

downs, but we never stopped and we never will.

LANCERS, this is for you. These five years together may have come to an end and surely it has been a bumpy ride but wherever we go 'we ride on together', the spirit of the LANCERS burns in us!! And we always have our home, the Rashtriya Indian Military College, our solid ground, our guiding beacon, so we are never lost, because we'll always find our way home.

PARABOLIC ASTUTENESS

The second fastest game on Earth is one of stamina, skill and strategy. It can be played all around the year at RIMC with either a whole team of five or even single handedly. Every year the Inter section

basketball is held in the month of April just after hikes and this year, as well, the basketball competitions commenced on 8 April and all the sections gave a neck to neck competition to each other from the very first day.

But as, only one can be victorious, the Trophy was bagged by Chandragupta Section followed by Shivaji, Ranjit and Pratap Sections.

The individual prizes were as follows:

	Middles - Cdt Ajay Singh
	Seniors - Cdt Sahil Yadav

TALKING TOOK IT ALL

"I would rather debate a question without settling it instead of settling a question without debating it"

Imagine a world where no one speaks.... Where no one communicates....a world where knowledge only stays within and never expands.....Even imagining such a world is far beyond the capabilities of a human brain, after all we humans are social animals and for us being able to speak is a boon. So this leaves us with no doubt as to why the Hugh Catchpole Debates have been happening at RIMC every year since 2005.

Over the 24th and 25th of April 2015 a number of schools from all over India participated in the 10th Hugh Catchpole Inter School English Debates. On 23rd the

outstation schools arrived and on the same day in the afternoon the draw of lots for the topics, venues and opponent teams took place. On 24th morning and evening the preliminary rounds were conducted which gave out the names of the eight teams qualifying to the semis. On 25th morning the semifinals were conducted where the top four team which would be up against each other on that very evening were selected. In the evening the finals took place with Maj Gen Shammi Sabharwal being the chief guest for the occasion. The chief guest finally announced the result and St. Joseph's Academy, Dehradun was declared as the

overall Winner of the Debate followed by The Doon School who were declared the Runners Up. The Best Speaker for the Preliminary round was Kshitij Bisht of the St Joseph's Academy. The Best Speaker for the Semi Final round was Aarnav Sharma of St George's College, Mussoorie. Devansh Agarwal of The Doon School was adjudged the 2nd Best Speaker of the Final Round whereas Kanishk Kakar of St Joseph's Academy was awarded with the Best Speaker Award. The Commandant Special Prize was won by Aishwarya of La Martinere College for Girls, Lucknow.

THINK TANKS

Quizzing is an activity which is enjoyed by one and all at the RIMC. Unlike other activities, debating or recitation, for the instance audience too can participate in it wholeheartedly. It is a fun source of learning especially due to the interactive sessions and mind bending questions too. It also keeps the audience hooked on till the last moment with the points and the face of the quiz changing with every question.

On the 23rd of April, 2015, RIMC conducted the 15th All India Inter School Challenge Quiz wherein we witnessed a huge amount of participation from 27 schools. The Chief Guest of the Quiz was Mr Anuj Dayal who is currently the head of Corporate Communications for the Delhi Metro Rail Project, the largest Urban Infrastructure Project undertaking in India.

The Quiz was contested in two rounds, namely, the Preliminary

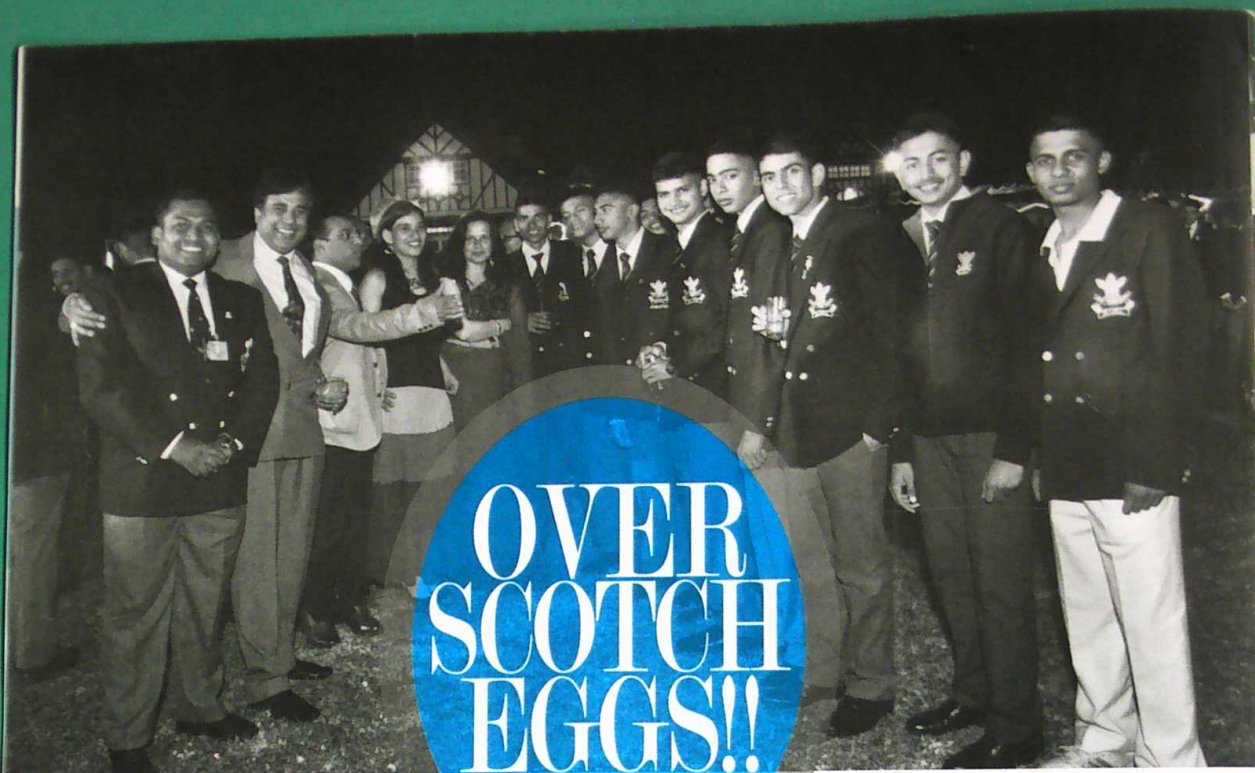

Round and the Final Round. For the final round, top six teams that scored the highest marks in the prelims, qualified. They were APS Birpur, Summer Valley School, Dehradun, Brightlands School, Dehradun, Oak Grove School, Wynberg Allen, Mussoorie and the RIMC.

At the end of all the rounds, the results of the 15th All India Inter School RIMC Challenge Quiz were as follows:

1. Army Public School, Birpur
2. Summer Valley School, Dehradun
3. Brightlands School, Dehradun
4. Oak Grove School, Mussoorie
5. Wynberg Allen School, Mussoorie

OVER SCOTCH EGGS!!

Just like last year, this year's 93rd Reunion was filled with nostalgia, joy and 'scotch eggs', not to forget the Rimcollians. The celebration for the 93rd Reunion started way before 12 March though the actual party kicked off only after the arrival of the Rimcollians on that day. The Rimcollians started jubilantly by losing to the Rimcos by only a margin of two goals in the hockey match. The evening also witnessed the Finals of Inter Section Boxing Competitions which saw many uppercuts, hooks and also Rimcollians

sitting amongst their sections howling out at the boxers as if they themselves and the sections at large were in the ring. Shivaji Section emerged victorious at the end of the day and then the whole college marched towards the CC Lawn for the dinner with pride in their chests no matter who won or lost. The next day started with Wreath Laying by paying tribute to our heroes who laid down their lives as they

selflessly fought 'till the last breath'. Then was the much awaited 'Daredevil Horse Show' as well as the Rimco-Rimcollians Cricket Match, where, well... the Rimcos came Runners Up though that wasn't going to stop anyone from spending their coupons to the fullest. The evening was full of lights and sounds as the cadets put up a great show with dancing, singing and acting. Then, after a

lot of cheering and howling out by the winning section, everyone moved on for dinner at the Cadet Captain's lawn and as the sad truth of this being their last evening at their Alma Mater for some more time, they all enjoyed the lavish dinner.

On the last and final morning of the 14th the cadets bade farewell to the Old Boys and Air Marshal PP Reddy announced a two days partial holiday for the cadets.

ISSUE 1 Vol. 85 August 2015

Editorial

We are all suited up now, with our engines on, the College is about to take off, another term ahead of us, tough like always and exhilarating like never before. All the weapons are locked and loaded and the target is in sight. Painted in the matt grey of the monsoons nearing the end, our jet is looking deadly. Now taxiing on the runway, we have quickly passed the X – Country Cup, blowing it off with our raw 'Josh'. Picking up speed, we go full throttle and lift off as the College finally gains momentum and soon, the runway is just a dot where we must return after doing our routine hard work... the runway being our 'Home'. Soon enough, our ailerons – the quizzers and debaters navigate us through the skies with their sky rocketing performance at La Martiniere and many other podiums, the Music Hobby and the dancers doing their job 'to the tee' at the Milestone Competition. Our 13 mm machine guns or the 'Shooting Hobby' having won 21 medals at States, are waiting for their call for the Pre Nationals to prove themselves yet again. With the First Termers in and our vigour renewed, we are cruising through the skies like never before. With the best for the last, our 'Brahmos', the AO and AAO are fully functional, hardwired to blast off any 'foreign objects' that try to creep in our territory. All is going well when all of a sudden our radar beeps into life... bogies in hot pursuit – Swimming, Soccer, Mid Terms and our arch enemy – the Swimming and PT tests. They launch their first volley but it hardly ruffles us. With a furtive grin on our faces, a firm resolve and the chips that we have in our armour, we will decimate the foe on our heels and surely make a smooth landing.

The First Showers

With a new spell of 'josh' and enthusiasm in the air, the College reopened on the 17th of July, 2015. On 20 July, we witnessed the First Assembly of the Term where the cadets were applauded and given 'Feathers' for their excellent performance in Academics for the January Term '15. The first showers engulfed the juniors and the seniors alike. Not only the Academic front received this spray, but also the Administration was swathed in it. As the former AO, Lt Col ERN Prasad and the AAO, Lt Col R Richardson got Posted Out, new faces took their place in Lt Col LK Muni and Maj Tanmay Pant. Lt Col Muni, from INF (19 Raj Rif), joined on 23 July 2015 as Adm Offr. He was at the RIMC as a Cadet from 1989 to 1993 and belonged to Chandragupta Section. Maj Tanmay Pant from ARTY (224 Fd Regt), joined RIMC as Asst Adm & Trg Offr on 19 July 2015. He was a Cadet at the RIMC from 1994 to 1999 and belonged to Ranjit Section. They are giving out their best in each and every field and getting into the groove of things pronto. As we welcome them, we wish them a very fruitful tenure.

The boys were also entrusted with the responsibility of their respective sections. The Investiture Ceremony began with Cadet Sachin Kumar being appointed as the Cadet Captain for the succeeding Term. Thereafter, the names of the Section Commanders were announced and allotted their Sections. Their resolve was fairly apparent in their countenance that seemed to say that they would uphold the virtues and traditions of the College.

Year of Chandragupta Section

Chandragupta Section came into existence in January 1965. Cadets of all the terms from the three pre-existing Sections were drawn to constitute the new Section with a total strength of 53 Cadets. During January term this Section functioned without a name but was called the 'New Section'. Army Headquarters had approved a new name for this Section called Chandragupta towards the end of the term. Mr SR Jaiswal was appointed as the new and first Section Master on 1st February 1965. Cadet BK Chaudhary was appointed as its First Section Commander. He was also appointed as Cadet Captain in the first as well as the second term. The main achievement of this Section was that its Cadet Captain and Section Commander stood First in Rifle Shooting and Cadet JS Oberoi was awarded the UN Jha Memorial Gold medal for the first time in 1965 for topping the All India Merit List in NDA.

This year, 2015, marks the 50th year of Chandragupta Section. Within a month we managed to top in two different events, that is, Squash and X-Country Competitions. We will work hard to top all the competitions so that we would celebrate this 50 Anniversary as Champions during Reunion.

Another interesting fact which I would like to share is that it is not only the 50th year for the Section, but also our college had adopted the new Crest of Peacock Feathers replacing the Ostrich Plumes, the Ashoka Chakra replacing The Crown and the Motto 'Bal Vivek' replacing 'Ich Dien' 50 years ago itself.

On 8th August 1965, the first meeting of Chandragupta Section was held with the first batch of First termers in the dormitory with the then Section Master and Section Tutor. To commemorate this occasion, we celebrate this day as the birthday of Chandragupta Section. This year we celebrated by cutting the cake in the same place where the first meeting of Chandragupta Section was held 50 years ago.

Squash is played extensively in the Defence Forces due to the stamina and agility that it enhances. Hence it is also a favourite at the RIMC.

In RIMC, Squash is held under three categories, namely, U-13, U-15, U-17 or Opens Category.

According to the new rule introduced in the game, squash is played in the best of three or best of five set system, each set containing 11 points each.

Only the opens category follows the five set system whereas the other two follow the three set system. We witnessed a cut throat competition among all the four sections.

NOTES OF POTENCY

The Society for the Promotion of Indian Classical Music and Culture Among Youth' is a nonprofit organization dedicated to promoting an awareness of Indian culture in educational institutions across India. For the past thirty eight years, SPIC MACAY has been exposing thousands of students to various forms of Indian classical music, dance, folk art, craft and folk theatre, in schools, colleges and professional institutions.

At the RIMC too, SPIC MACAY regularly holds concerts every Term and promotes Indian culture among the Cadets. This Term too, it organised a performance by Professor Ritwik Sanyal, an outstanding dhrupad singer, professor, composer and writer. Professor Sanyal gave a mesmerizing performance and entertained the cadets thoroughly. After the performance, the cadets had a short question and answer session with the guru, in which the cadets learnt a lot about the ancient art of dhrupad. To sum it up, the cadets went home enlightened and informed.

EDITORIAL

The College is going through a maelstrom of feelings and emotions due to a melange of activities. After giving out our best in the Swimming and Soccer Competitions, we have now channelized all our energy towards Academics. The peaceful nights have now gone sleepless as the Mid Terms slowly inch towards us, making the classes abuzz with cadets who are trying to assess if they have made any progress or not from what they had written in their notebooks. The upper fields have undergone their seasonal metamorphosis, this time from the Soccer fields to the Athletics Tracks. The 'troubled souls' of Class V have now found solace after their much awaited, more dreaded and much more prepared NDA Written. The 'Adamantines' were on cloud nine, when they finally could go for the much longed for and most favourite hike of RIMC, the Mumbai - Pune Hike. Class VA, on the other hand is keeping their fingers crossed as they count days to cross the final barricade before their dream comes true of joining the NDA. The athletes are running with even more vigour as their practices are redoubled. The First Termers are eagerly waiting to be reunited with their parents for the first time since they joined during the PTM. In all, the College has kept up with its normal pace of frenzied activities as we march hand in hand towards the ever promising future.

BATTLE OF MINDS

Quizzing forms an integral part of a Cadet's life at the RIMC since it is an activity which involves great concentration, memory power and global awareness. The cadets have to constantly refresh their knowledge of current affairs in order to perform better in the Quiz and win the Trophy for their respective Section.

Keeping this in mind, the First Round of Inter Section Quiz Competition 2015 was held on the 1st of September. The Chief Guest for the event was Col HS Bainsla. The quizzers put up a great show, answering the Quiz Masters' questions with confidence.

After a gruelling competition, the Section Standing was as follows:

SPELLER BEES

Literary activities form an integral part of the activity calendar at the RIMC. The cadets need to hone their writing skills, along with their oratory skill. To be able to spell correctly is one of the prerequisites of writing skills. For this purpose, Spell Bee Competition is conducted every Term to keep the cadets well informed about spellings in an environment where SMS lingo is fast taking over and making the authenticity of the language dwindle. Keeping this in mind, the Spell Bee Competition was conducted on 2 September for Juniors i.e. from Class I to Class III. The contest comprised exciting exercises, oral as well as written. 20 cadets from each Section participated and the competition lasted for an hour. The results for the Juniors Spell Bee Competition are as follows:

I Shivaji Section	525 Points
II Chandragupta Section	498 Points
III Pratap Section	475 Points
IV Ranjit Section	438 Points

Cadets Vinay Tiwari, Ravi Metre, Hritvick Patiyal, Ankit Yadav and Siddharth Stephen did exceedingly well and were among the top scorers.

IN OBEISANCE TO THEE

Teachers play a pivotal role - that of a lynchpin in a child's physical, mental and spiritual life. They stay with them and teach them everything, in fact, they are parents incarnate. Teachers Day is celebrated in the memory of Dr S Radhakrishnan, one of India's former Presidents and mentors to thousands of students across India.

Teachers Day was celebrated in the College on 4 September 2015 with great fervour and enthusiasm with the cadets giving an enthralling performance, leaving the audience spellbound with their songs, dance moves and the drama, which was praised by all. The programme was a befitting tribute from the 'taught' to his 'teacher'.

PEEK -a- BOOK

Reading makes a man complete and so books play an integral part in shaping one's character. What you read shapes you. So to imbibe this quality, 21 cadets set out for World Integrity Center on 4 September 2015 along with Mrs Mamgain and Mrs Malhotra at 1300hrs for the release of the book 'Our Nana was a Nutcase' written by Mr Ranjit Lal. Mrs Preeti Singh Rathore, Principal of Vantage Hall Girls Residential School, was the moderator for the event. A number of other schools had also come to witness the event such as the Ecole Globale and Shigally Hills Girls Residential School. The release was followed by an enthusiastic book reading and question - answer session. The theme of the

book was taken from Mr Lal's personal life where his father, an Army officer, had been suffering from dementia and how his grand children exercise patience, helping him to cope well.

Reflections

Don't be dismayed

And meeting again,

lifetimes, is certain
for those who are
friends.

This being the Graduation Chronicle, most of our readers would expect a lot of clichéd stuff of the likes of how times fly and how 'five years passed in the blink of an eye'. And most of them wouldn't realize its true implications until it's their time to Pass Out. All these emotions would hit you like a rock and you wouldn't know where to go. Even the optimist in us wants to enjoy these last 30 odd days to the fullest, the realist in us reminds us of the Grade XII Board Examinations, the pessimist reminds us if that long, how long People say they are isn't that a bit of an

understatement? How can

you miss something that has been a part of you for so long that it's closer to you than home itself? When you are more comfortable in its walls than you are in any other place anywhere? For all of us who receive letters from Rimcollians would know, there is one thing common in almost all, that sense of longing to be back here. The Junior cadets would probably not realize most of all this, even not all the Seniors. You see, we humans have the habit of not realizing things until they are unto us. The same goes here. 'Shivaji' took revenge of the snubbing in Soccer to win the Inter Section Athletics Meet in style with that emphatic win in the 4x400m Relay. It wasn't always clear as to who would win but then 'Shivaji' proved its critics wrong and eased away with the Trophy halting the 'Ranjitian' juggernaut that had lifted Swimming and Soccer in a row.

Then it was that time of the year where the Rimcos were at their best. Proper discipline could be seen in classes and complaints of the Masters seemingly melted down. It was time for the PTM. It was fun watching those demanding Seniors turn meek in front of their parents. The two 'night outs' were an added bonus this year. Many a heart was broken when the dinner with the Chief of Air Staff was cancelled. You see, we Rimcos can never resist the temptation of good food. After innumerable dinner night practices and several toasts, to have it cancelled wasn't exactly the best thing. But in those few hours we could spend with the Chief, we realized what it took to reach to that level. Hard work, dedication and an unending sense of loyalty for your Organization. (The tea shares quite covered up for the sadness of the missed dinner).

They say, it's easy reaching to the top, but staying there is the hardest because then the hunter starts getting hunted. It was evident in these two days too, as most of the competitors worked to defeat RIMC to attain victory. And in true Rimco Spirit, we've proved them wrong and brought the Cup back where it belongs. And what better way to leave for the Passing Out Course than winning the District Athletics, fifth time in a row.

And then you realize that there is hardly a month left and then that moment seems to pause!! It is when you stop, check yourself and understand the true implication of it. That in another month we would be on vacations, for the last time. We would be at our homes. But would we be? In our chosen profession, there would hardly be any place where we would stay for more than two to three years at a stretch. And we will learn to call that home too. But somewhere deep in our hearts, that longing to be back here will always stay. Nothing can ever bring these five years back. All the fun, the punishment sessions, those cutting bounds and entering marriages because we ran out of money, scaring your Juniors in the middle of the night and planning for it like it was some 'spec op mission' all of it. They say that there aren't many things you can be sure of in life. They aren't wrong. But the one thing we 22 of the 178th can be really sure of is that this place made us what we really are. To think of what we would be if RIMC wouldn't have existed is impossible. And for that we are eternally grateful.

There is so much one can add to this Editorial. It isn't much of one. It's more of a Course realizing that there are way too many emotions building up inside and this is a way to vent it out. We all hope for that perfect signing off for which we would always be remembered. But then, maybe, the best things in life are imperfect. Incomplete but serenely complete in its own twisted way. Like our days here at the Rashtriya Indian Military College.

This is the 178th signing off. Long live RIMC.

From The Cadet Captain's Pen...

As I pen down my thoughts, a plethora of emotions confound me, it all seems vibrant and scintillating, ready to remind me of each and every moment spent in this pristine campus. All these memories start running down as slides and I feel a sudden inner voice, which says, 'Can you go back in time and live those days once again?'

The incidents of cold, rainy winter morning of January 2011 start echoing in my mind, when twenty two young and puerile boys, unaware of anything and everything, joined the 'Hallowed Portals' of this College as the 178th Course. I found myself in a different world, oblivious of everything around. Little did I know that I will be penning down my thoughts as the Cadet Captain of this premiere institution. My Section Commander of that time, Vivek Yadav said, "Don't worry First Termers, just five years down the line, you will fall into love with this place and will never want to leave it" Now I've to accept that, yes, he was right and these words still reverberate in my mind. From being a meek and ingenuous child, today I find myself a confident and responsible leader, ready to fight all odds. As I look back at time spent in this beautiful campus, all memories seem worth experiencing. If I were to rewind, I would be reminded of late night studies during NDA preparations, prep leave in III A, sessions with Officers and Seniors in PT kit, late night Maggie sessions, those

fast rounds of the Quadrangle, early morning punching sessions, sheer joy of being a Senior in Class IA, CGs in Class II, Section victories, socials, Reunion, District Athletics and this list could go on.... All these memories have left an everlasting impression on me and transformed me into what I'm today.

When I went for my SSB to Bhopal, the Interviewing Officer asked me, "Tell me something about your classmates and friends," to which I replied, "Sir, I'm a part of the 178th IMMORTALS and we are just not friends but brothers from different mothers who do everything together." This is the best thing which has happened to me ever. As our name goes, we are certainly, the ones who can never be forgotten. In these five years, we have done everything together, be it the naughtiest thing or the noblest !! We all feel the same nostalgia as the countdown for Passing Out has already begun. We are indeed indebted to our Seniors, Juniors, Teachers, Officers, and in fact, to everyone for these five such wonderful years in this 'HEAVEN ON THE EARTH.'

BUZZING TO SUCCESS

Since the beginning of time, the homo sapien has been in a never ending quest for knowledge, from the apple of knowledge to the internet, in modern times. REJUVENESCENCE

After the grueling Mid Terms, everyone was 'joshed up' to go for his respective Mid Term Hikes. The First Termers, as per the tradition, embraced the hills of Chakrata and Kanesar along with Mr Selven and Mr Dalvi. Keenly guided by Mr Sanjay and Mr Shishupal, IA spent a peaceful and joyous time on the shores of the Naini Lake. On the lines of 'A sound mind lies in a sound body', Class II trekked the Summit of George Everest accompanied by Mr Balvir. On the icy mountains of Joshimath, the cadets of Class IIA enjoyed the freezing weather under the spirited guidance of Lt Swapnil Bathe. The cadets of Class III were on cloud nine as they enjoyed the longest hike – the Mumbai-Pune Hikes. They visited the MARCO Base, the Naval Dockyard, and met RIMCOLLIANS at the NDA with Maj Tanmay Pant and Hav Sujeet. From the apple gardens of Harshil to the freezing waters of Gangotri with the 'Patriotic Inspiration' from the Grenadiers, Class III A along with Mr PK Jain, enjoyed a great hike at a very scenic location in which they got the best of what nature can offer. On the other hand, Class IV A enjoyed roaming around in the concrete jungles of Delhi. From the street food in Chandni Chowk to the grandeur of Rashtrapati Bhawan, Mr Keshav Anand played a vital role in making their hike a successful one. Whereas, after a grueling time preparing for the NDA Writtens, Class V got to visit that very town where Shah Jahan built one of the wonders of the world- Agra. Accompanied by Mr Negi and Sqn Ldr Bhawani Singh, Class V really had the time of their lives. Class IV and V A did something that no one has done yet and probably no one ever will... cheered up for Team India, Live at Dharamshala Stadium during the match against South Africa. The rest of the hike too was just as good as they went visiting the Governor's House at Chandigarh and going to many halcyonic sites in Yol with Flt Lt Uniyal, Mr Thapliyal and Mr PK Sharma
